**Pre-Con with Andrew Rixon and Cathryn Lloyd: The StoryCookbook Workshop**

A Pre-conference workshop running on Wednesday 27th November from 8:30-12:30pm

Stories and storytelling have emerged as powerful creative processes for communication and change across personal, organisational and community contexts. With over 80 activities collected from contributors around the world, *The Story Cookbook* is one of the most comprehensive collections of story-based activities currently available. This special workshop by the editors of *The Story Cookbook* will provide a unique opportunity to engage with and explore the value and power of working with story and narratives.

This workshop will be useful to educators, consultants, facilitators, managers and leaders looking to work in more relational and creative ways.

Come along to this workshop if you would like to:

- Learn more about the application of story and narrative techniques in organisations, community building and beyond
- Fill your facilitator toolbox up with a number of new relationship and community building activities, methods and techniques
- Be inspired by the power of story telling and story listening

About Andrew Rixon and Cathryn Lloyd:

**The Story  
Conference**

A wooden boardwalk leads through tall, golden-brown grass towards the ocean under a soft, hazy sky at sunset. The boardwalk is flanked by wooden fences made of vertical posts. The scene is peaceful and evokes a sense of returning to a familiar place.
